WILL COVID-19 ruin my yachting vacation?

ABSOLUTELY NOT.

Why?

Yachting is the best possible way of social distancing – far away on the sea, or in a secluded cove, you'll be able to enjoy carefree in your yachting vacation.

Croatia currently has one of the best epidemiologic situations in Europe and worldwide, so our lives are getting back to normal – borders are open for nautical tourism guests, restaurants are open too, and Marinas are working as usual.

What more do you need for a perfect vacation?

But we want to make sure you'll be absolutely protected and cared for, therefore we implemented all the measures.

THANK YOU
